EDUCATION

Albert Einstein College of Medicine

Doctor of Medicine, Anticipated May 2024

Cornell University

Bachelor of Arts in Biological Sciences: August 2014 – May 2018

ACTIVITIES

Einstein PRIDE E-Board Member

January 2021 – Present

- Diversity organization dedicated to bringing the LGBTQIA+ community on campus together through social and academic events

LGBT Health Curriculum Working Group

January 2021 – Present

- Working group dedicated to expanding and revising the LGBT Health curriculum at Einstein

Uncle Albert Club – Office of Student Admissions

August 2020 – Present

- Served as a student representative to speak with interviewing students about personal experiences attending Einstein

ECHO Student Clinic – HIV Pre-Test Counselor

August 2020 – Present

- Counseled patients regarding the risks of HIV transmission, their sexual health and walked through the consent required for the HIV rapid test

Biology Scholars Program Study Group Leader

August 2017 – May 2018

- Facilitated and ran a study group for an undergraduate Biochemistry course

EARS – Empathy, Assistance and Referral Services Counselor

September 2015 – May 2018

- Peer counseling service dedicated to employing an empathy-based model to counsel and listen to students and their problems.

WORK EXPERIENCE

Clinical Research Coordinator

July 2018 – May 2020

Department of Neurology, Massachusetts General Hospital, Boston, MA

Aging and Brain Health Research Group: Alessandro Biffi, MD

Cerebrovascular Health Labs: Jonathan Rosand, MD, MSc and Chris Anderson, MD, MMSc

- Administered follow-up telephone interviews with patients and surrogates following their hemorrhagic strokes.
- Trained in reading brain CT scans for measuring hemorrhage volume, scoring presence of intraventricular hemorrhage, leukoariosis and central and cortical brain atrophy.
- Began and completed an independent project exploring SSRI exposure following hemorrhagic stroke
- Shadowed my mentor in his outpatient hemorrhagic stroke clinic, Neurology consult service and the Neuro ICU

Health Policy Intern

June 2017 – August 2017

Office of Citywide Health Insurance Access – Department of Social Services: New York, NY

- Prepares research briefs on healthcare policy proposals and changes on the federal, state and city level
- Analyzed various iterations of healthcare bills proposed in the House and Senate to assess their potential impacts on a local, state, and national level
- Learned the basics of how the individual insurance market and Medicaid operate, specifically in New York

Clerical Intern

June 2016 – August 2016

Elmhurst Hospital: Elmhurst, NY

- Assisted in the admissions department working with a majority immigrant population to ensure that all patients, regardless of insurance status, were able to be seen and cared for.

RESEARCH EXPERIENCE

Undergraduate Research Assistant – Wolfner Lab

August 2016 – May 2018

Mariana Wolfner, PhD: Ithaca, NY

- Carried out Drosophila mating experiments
- Acquired skills performing RT-PCR, gel electrophoresis, and Western Blotting
- Carried out experiments to determine the effect knocking down candidate genes had on female receptivity to mating and the number of eggs laid.

Weill Ithaca Summer Experience in Research

June 2015 – August 2015

- Analyzed qualitative research conducted at a dialysis center in East New York, synthesizing and grouping overarching themes in interviews
- Focused on the psychosocial aspects of End-Stage Renal Disease (ESRD)

CONFERENCES

2021 LGBT Health Workforce Conference

April 22-24, 2021

- Virtual conference dedicated to providing an overview of up-to-date practices (climate, educational, research, and clinical) in preparing the health care workforce to address the health concerns and disparities of lesbian, gay, bisexual, and transgender (LGBT) communities.

International Stroke Conference 2020, Los Angeles, CA

February 2020

- Submitted and presented a poster on my independent project regarding the use of SSRI's following intracerebral hemorrhage.

Patryk P Kubiszewski, Christina Kourkoulis, Zora DiPucchio, Kristin Schwab, Mahmut E Gurol, Steven M Greenberg, Anand Viswanathan, Christopher D Anderson, Jonathan Rosand, Alessandro Biffi. WP402 / P402 - Risks and Benefits of Selective Serotonin Reuptake Inhibitor Use Among Survivors of Intracerebral Hemorrhage ISC 2020 Feb. 19, 2020

SNMA Annual Medical Education Conference, San Francisco, CA

April 2018
